

Prashant Singh

Incoming PhD Scholar · Machine Learning Researcher

New Delhi, India | prashant.singh@example.com | github.com/your-username | linkedin.com/in/your-handle

Machine learning researcher working on reinforcement learning, time series modeling, and sequential decision making, with applications to algorithmic trading and generative modeling.

EDUCATION

Indian Institute of Technology Delhi

PhD, Department of Electrical Engineering (Incoming)

Upcoming

South Asian University

M.Tech in Computer Science (AI & ML) — CPI 9.58, Merit Scholarship

Present

Chhattisgarh Swami Vivekanand Technical University

B.Tech, Electronics & Telecommunication — CGPA 7.96

RESEARCH

Optimal Trading Strategies using Machine Learning — M.Tech Thesis (Ongoing)

- Constraint-aware adaptive execution framework for trading under operational limits.
- Robust decision-making policies under market uncertainty and regime shifts.
- Risk–performance trade-off optimization, with a GAN-based limit order book simulator.

Optimal Trade Execution in Financial Markets: A Learning-Based Perspective — Seminar

Reinforcement learning, dynamic programming, stochastic control, and market microstructure for limit order book execution.

INDUSTRY EXPERIENCE

Cognizant — Senior Systems Executive

Middleware administration, Oracle WebLogic, and Linux infrastructure.

Jun 2022 – Jul 2023

Capgemini — Software Engineer

Adobe Experience Manager, frontend development, and enterprise applications.

Aug 2021 – Mar 2022

SELECTED PROJECTS

GridSynth. Event-driven household energy simulation with a conditional WGAN-GP (PyTorch).

Multi-Factor Stock Forecasting. S&P 500 forecasting with Random Forest, LSTM, and Transformers; Diebold–Mariano testing.

Retinal Vessel Segmentation. U-Net biomedical segmentation with classical preprocessing, optimized for Dice score.

SKILLS & ACHIEVEMENTS

Programming: Python, C, C++, JavaScript

ML: PyTorch, Keras, Scikit-Learn, NumPy, Pandas

Research: RL, Time Series, Deep Learning, Generative AI

Tools: Git, Linux, LaTeX, Matplotlib

• GATE CS — Qualified

• GATE DA — Qualified

• SAU Merit Scholarship

• First Rank — M.Tech Semester 1
